

SRI BHARATHI ENGINEERING COLLEGE FOR WOMEN

(Approved by AICTE, New Delhi, Affiliated to Anna University, Chennai-25)

Kaikkurichi, Pudukkottai, Tamil Nadu – 622 303, India

REPORT OF THE PROGRAM

1	Program Name	Research Methodology Seminar on “Modern Construction Practices”
2	Date of program	26.04.2023
3	Resource person	Mr.T.Prabakaran M.E, AMIE, DFE., Founder cum Builder, Sridhan Constructions, Aranthangi.
4	Participants	22 Students
5	Objective of program	To know the modern construction practices, materials, and technologies in civil engineering. To gain the knowledge on sustainable construction, importance of safety standards, Innovative construction techniques and assessment of quality control. To know the latest building codes, regulations, and compliance requirements in construction.
6	Program description	The program started with a welcome address by Mrs. R. Padmarani, HoD/Civil . 22 students were attended the Seminar. The resource person explained the recent techniques and materials used in construction with sustainable awareness. Then he explained safety measures in construction for minimizing accidents. In the afternoon session the resource person explained cost-effective strategies and resource management techniques to optimize project budgets and improve financial efficiency. The session ended with a vote of thanks by Program coordinator Ms.Mahizhini Raci, AP/Civil .
7	Outcome of this program	Students will be able to Update knowledge of modern construction techniques and materials. Know the digital construction management systems and learn how to integrate these innovations into their projects to increase efficiency and accuracy.

Program Coordinator

HoD/Civil
